

FOR IMMEDIATE RELEASE

Castle announces new member in the Maritimes

Mississauga, ON - Castle Building Centres Group Ltd.

Castle announced a new member location in the Maritime province of Nova Scotia. Trinity Maintenance Solutions Ltd. has opened their doors as the newest Castle location in Stellarton, NS. This location is part of the Trinity Energy Group of Companies which has been operating for over ten years.

The company was founded by Dwaine & Karen MacDonald back in 2006. They began as local experts on making homes and commercial dwellings more energy efficient, and specialized in products to meet these needs. They felt the timing was right to expand into a more extensive line of home improvement and hardware products, to better service the needs of the growing demand.

"We made a point of studying each Buying Group to determine the best fit for Trinity. After much consideration, we felt Castle offered the greatest benefits of joining a buying group, like the group's transparency, the buying power, and annual rebates. We feel Castle will open up additional opportunities for our business."

Dwaine MacDonald, Owner

The team at Trinity includes over 80 professionals and branches in both Nova Scotia and New Brunswick. They are looking forward to this new venture and serving the community as a Castle Building Centres location.

"Another example of a successful independent entrepreneur putting their trust into Castle's winning business model. When Independents want to grow their businesses, they know Castle will deliver. Castle is the future of the Independent."

Ken Jenkins, Castle President

Castle would like to welcome Trinity to the family.

About Castle Building Centres Group

Castle Building Centres Group Ltd. is a Canadian member-owned, Lumber, Building Materials and Hardware buying group committed to the success of the independent.

Our commitment is to drive this success to over 300 Castle member locations and is achieved through unwavering Transparency, Freedom and Profitability.
