Castle announces new member in Quebec Region

Mississauga, ON - Castle Building Centres Group Ltd.

Canada's fastest growing buying group continues to grow nationally, with the announcement of a new Castle location in Quebec. Habrico, centrally located in Saint Christophe D'Arthabaska, is the newest Castle location in the Quebec region.

The new specialty retail concept store and grand showroom was first conceptualized by owner Michel Lamontagne. He wanted to offer customers with home renovation solutions that include design, supply and installation services. The store will be offering customers a full range of building materials, hardware and home improvement products. Their design experts will assist future home renovation customers with before & after visuals to help make their product and design selections easier. An expert installation team will also be available for those customers looking for a turnkey solution.

"Castle offered us the opportunity to be part of a national buying group while remaining focussed on our store specialization. Castle's flexibility and impressive national brand buying power, were exactly what we were looking for."

Michel Lamontagne, Owner

"Castle offers independent entrepreneurs the opportunity to be part of a national banner, while giving them the freedom to preserve independence vision. We are pleased to welcome Michel and Habrico to the Castle family."

Ken Jenkins, Castle President

After a successful Grand Opening and introduction to the community, Habrico is now open for business.
