## Castle Growth in Western Canada Continues!

Mississauga, ON - Castle Building Centres Group Ltd.

Castle Business Centres Group announced today, yet another new member location in Western Canada, this time in the province of Manitoba. Reimer Concrete and Lumber is the newest Castle Building Centres location in the province, located in Rosseau River, Manitoba.

The new business was founded by Matthew and Perla Reimer, who have over 16 years of experience in the construction industry. Matthew's extensive construction background, coupled with their expertise in the building materials industry has helped the new Castle member flourish.

The new retail location will offer a wide selection lumber, building materials and concrete, as well as an extensive assortment of hardware products. Their decision to join Castle was an easy one after seeing the success one of their family members had within the group.

*"We knew joining Castle was the right move for our business. After years of witnessing the success of our family member as a Castle dealer, we were confident that Castle offers us the flexibility to grow and operate in line with the needs of our business."*
