## Castle Kicks Off 2018 with a New Member in Western Canada

Mississauga, ON - Castle Building Centres Group Ltd.

Fresh off the heels of another industry leading year, Castle Building Centres Group is heading into 2018 with a new member location in Western Canada. Castle announced today that Timber Spirit Supply, in Spiritwood, Saskatchewan is the newest independent dealer to join Canada's fastest growing buying group.

The town of Spiritwood is located in central Saskatchewan, about 125 km west of Prince Albert. Entrepreneur, Matt St. Onge founded the business just a few years ago with the goal of building trust with the local community as his guiding principle. Matt and his team of industry professionals continue to follow this creed and strive to deliver customized solutions to local contractors and consumers in the area.

*"Our team is dedicated to accommodating our customers' every need and ensuring the best possible fit and solution. We needed the same "custom fit" for our growing business and Castle was the only buying group that could offer this kind of flexibility. The business model allows us to maintain our independence and continue serving our market with the products that work. We know this will make us more profitable and allow us to grow our business at our own pace."*

Timber Spirit Supply is a full-service lumber, building material and hardware destination and the local community of contractors, home builders and consumers, have come to rely on the great solutions-based service. The team is looking forward to an improved product assortment and a much more comprehensive buying program. A grand opening celebration as Castle Building Centres is planned for the Spring, once the store has gone through a complete re-branding.

*"Castle is very pleased to start 2018 with a new member announcement. Timber Spirit is a great example of a successful independent entrepreneur that is taking their future success into their own hands. It's a fact, every Independent retailer who has joined Castle from a competing banner has become more profitable. It's that simple. We welcome Timber Spirit to the Castle family."*
